

Introducing the Z-Line Series MR-13 Pleat

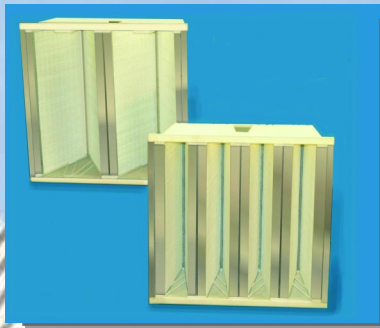

The Green LEED Compliance Machine

The Glasfloss Z-Line® Series MR-13 pleated air filter features the latest in media technology to achieve MERV 13 while maintaining low pressure drop. The new MR-13 pleat is optimized for “LEED” compliance in new and existing buildings as well as providing a cost effective upgrade from lower efficiency pleated filters for a variety of commercial and industrial applications. The MR-13 pleat is available in many standard and special face dimensions in 2” and 4” depths.
